ITEM # 99500

TEOS Programmable Motorized Treadmill

Product Size:

- Product Dimensions: L x W x H (cm): 163 x 88 x 147
- Folded Dimensions: L x W x H (cm): 104 x 88 x 147

Features:

- DC Motor Duty: 3.0 HP (Continue); 4.0 HP (Peak)
- Speed Range: 1.0~20.0 Km/H
- Voltage: 220 Volt (110V Available)
- Running Surface: 130 L x 50 W (cm)
- 15-Level Power Incline
- Ergonomic Design Handlebars For Comfortable Hand Position
- Manual Fold Up With Hydraulic Folding System
- The Running Deck With Shock Absorption Technology Reduces The Impact On Your Joints When Running
- The Treadmill Is Equipped With A 5-Layer Running Belt For Maximum Comfort And Safety while Running
- Innovative Self-lubricating Running Belt System
- Built-in Transport Wheels For Easy Transport And Storage
- The Maximum Weight Capacity For This Treadmill Is 130 kg

Computer:

- 4 LED Display Windows On The Computer Console With 1 Smart LCD Display Control Knob
- Use The Scroll Wheels To Easily Adjust The Speed And Incline During Your Workout
- Functions: Time, Speed, Distance, Calories, And Incline
- 3 Computer Workout Goal Settings: Time, Distance, And Calories Burned
- Program: 20 Pre-set Programs
- The Blue Outer Ring Ambient Light On The Control Knob Represents Running Speeds of 1.0-7.9 Km/H On The Speed Setting
- The Green Outer Ring Ambient Light On The Control Knob Represents Running Speeds of 8.0-11.9 Km/H On The Speed Setting
